

## SEPA(EU) Price List Applicable as of January, 1st 2020 (Connectivity price not included)

### PREAMBLE

With regards to SEPA(EU) transactions, STET charges its Direct and Indirect Participants for each calendar year a total price based on:

- The volume of transactions processed in the SEPA(EU);
- The type of processed transactions.

STET also invoices for additional services:

- Connection to SEPA(EU), charged once to the Direct Participant on the date the connection is set up;
- Connectivity (not included in this list);
- Termination;
- Traceability.

If a Direct Participant to the SEPA(EU) Payment System has already paid a Connection Fee as a consequence of its connection to another payment system operated by STET (such as for instance CORE(FR) or CORE(BE)), no Connection Fee shall be due and paid by the Direct Participant with respect to its participation to the SEPA(EU) Payment System.
