PREAMBLE

With regards to the exchange of transactions within the CORE system, STET charges its Direct and Indirect Participants for each calendar year a total price based on:

- The volume of transactions processed in the CORE system
- The type of processed transactions.

STET also invoices for additional services:

- Connection to CORE(FR) charged once to the Direct Participant on the date the connection is set up;
- Traceability;
- MINOS documentation.

Tariffs 1, 2 or 3 apply to any Direct Participant on the basis of the totality of Transactions issued and received on the CORE(FR) by that Direct Participant and the third parties it represents during a calendar year N-1. A verification is carried out at the end of year N in order to confirm the Tariff (1, 2 or 3) on the basis of the overall and effective volume of Transactions exchanged during year N on the CORE(FR).

The fixed annual fees (Direct Participants and Indirect Participants) are invoiced at the beginning of each year. Variable fees are invoiced quarterly.

2.2 Discount on on-us transactions

Any On-Us Transaction issued or received by a Direct Participant benefits from an exceptional discount of 50% of the tariff per Transaction on the basis of the pricing schedule specified in point 2.1.

On-us Transactions of a Direct Participant correspond to any Transaction exchanged between two entities, regardless of their status (Participant, member of the Banking Group or client of the Specific Traceability Service), represented by the same Direct Participant.

III. OTHER SERVICES

3.1 MINOS Documentation
